ABBI EVENTS

Rules and Regulations:

PARTICIPATION:

All participants entering bulls in an ABBI produced or sanctioned event must be current breeders in good standing with the ABBI at the ABBI's sole discretion.

EVENT ENTRY REQUIREMENTS:

All bulls competing in an ABBI produced or sanctioned event must be registered with the ABBI prior to entry.

Prior to entering, the bull must be submitted for registration and assigned an ABBI registration number. All bulls must have a DNA verified sire AND dam prior to entry closing time or be subject to penalty at ABBI's sole discretion. Bulls may be entered

with parent verification pending. A five hundred dollar (\$500.00) penalty, two hundred fifty dollars (\$250.00) per parent will be added to the entry. All bulls must be age verified and electronic identification (EID) tagged before competition.

Bulls must be in the owner/partnership inventory of those entering the animal or under an ABBI competition agreement. The agreement can be found on the ABBI website, <https://www.americanbuckingbull.com/registration/forms/>.

AGE VERIFICATION:

Bulls must be ABBI age verified, no sooner than 18 months old and no later than 34 months old from the date of birth in the registry. Bulls must be verified by an ABBI approved licensed veterinarian according to the ABBI approved mouth chart (L. Man Cropsey, DVM, Golden, Colorado), be EID tagged, and be verified to be 34 months of age or less. EID tags should not be placed in animals that are determined to be too old. Bulls must FIRST be ABBI registered, have a legible permanent brand (fire or freeze) identification (“ID”) number and an original Certificate of Registration prior to age verification.

(ABBI RESERVES THE RIGHT TO AGE VERIFY AND / OR DISQUALIFY ANY BULL ENTERED AT ANY ABBI PRODUCED OR SANCTIONED EVENT.)

A copy of an age verification report should be retained by the owner for their records. Remember to ask the Vet for a copy. Copies can be requested from the ABBI office. The fee is \$15.

ANIMAL IDENTIFICATION:

Bulls must be branded (fire or freeze) with a permanent legible ID number and have an EID tag in place. Bulls not branded as indicated herein may be disqualified from any ABBI produced or sanctioned event or futurity and may be required to forfeit any and all fees and expenses paid.

In the event that the ABBI questions the legitimacy of any animal's permanent identification markings, ABBI reserves the right to take a DNA sample on any entered animal in order to compare DNA samples, without notice or consent from the animal owner.

The entering owner's name must appear on the registration certificate as the owner of the bull being entered. If the bull is owned by a partnership, that partnership must have an ABBI competition agreement, and must have at least one of the partners listed on the registration certificate as the owner. If a partnership or lease agreement exists which does not permit the owner's name to appear on the registration certificate, entries will only be accepted if accompanied by a valid, fully executed copy of the associated partnership agreement or lease. The entered bull's name must appear as it appears on the registration certificate or the bull's entry name will be changed in the event by the ABBI to match the registration certificate.

ENTRY FEES:

Entry fees are event specific for all ABBI produced or sanctioned events, and will be posted on the ABBI website prior to entry open date.

ENTRY LIMITS:

The number of entries accepted may be event specific for each ABBI produced or sanctioned event and will be posted on the ABBI website prior to the entry open date. An animal may not be dual entered at any single ABBI event unless otherwise approved by ABBI administration. If an animal is approved for dual entry, that animal will only be allowed to buck once. There is a minimum of twelve (12) entries for all ABBI events, unless otherwise specified or approved by ABBI.

HEALTH REQUIREMENTS:

All bulls competing at an event will be required to have a record of a negative tuberculosis ("TB") test and a negative brucellosis test within one (1) year prior to the registration date, and prior to the competition date, unless otherwise approved through by the ABBI. Please also confirm individual state animal health rules to ensure that you are compliant. A copy of the negative TB and brucellosis tests and a Certificate of Veterinary Inspection, as defined by the American Veterinary Medical Association (<https://www.avma.org/Advocacy/StateAndLocal/Pages/certificates-veterinary-inspection.aspx>) will be required. These documents must be presented at check-in time for the event. Bulls that do not meet these requirements will not be permitted to unload or to compete and will forfeit any entry fees. An event producer may provide additional requirements that must be approved by the ABBI and will be posted on the ABBI website as ground rules in event entry information. The ABBI lead judge may request a veterinary medical release form on-site for any injuries incurred prior to the event.

BULL AND POLYGRAPH TESTING AND BANNED SUBSTANCE POLICY:

ABBI and its membership agree and acknowledge that it is of the utmost importance and in the best interest of the sport to ensure, and maintain, the integrity of competition and health of those bull athletes participating in ABBI produced and

sanctioned events. As such, ABBI has elected to institute a zero tolerance policy with respect to the use of Banned Substances (as defined below) in bucking bulls.

Banned Substances shall be defined as any and all anabolic steroids; any illegal substances; and/or any other substances prohibited from use in, or administration to, bovine as determined by the Federal Drug Administration (“Banned Substances”). Accordingly, at ABBI’s sole discretion, ABBI shall test certain and various bulls competing in ABBI produced, sanctioned, or otherwise related events, and/or any bull owned in whole or in part by an ABBI member stock contractor, for Banned Substances. Any and all stock contractors who own a bull(s), in whole or in part, found to have been subjected to, or treated with, any Banned Substances shall be deemed to be in violation of these ABBI Event Rules and Regulations, and subject to the disciplinary sanctions described below.

BULL TESTING PROCEDURE:

Testing may be conducted on a random and/or specific basis, with or without prior notice. The ABBI reserves the right to collect Samples as defined below for any reason deemed necessary at the sole discretion of the ABBI. The ABBI bull testing committee (“Testing Committee”) shall have the unfettered authority to collect blood, urine, tissue and/or hair samples from any bull owned, in whole or in part, by an ABBI member stock contractor at any time, at any location, and from any bull(s) as they may determine to be reasonable and necessary at ABBI’s sole discretion (“Samples”). All Samples will be collected by a licensed veterinarian or a trained technician of ABBI’s choosing. Following collection, the veterinarian or technician will divide each sample into containers marked as “A” and “B” and seal containers thereafter. Container A will be sent to an ABBI selected testing laboratory for analysis. Container B will be stored by ABBI or by ABBI’s authorized agent, including, but not limited to, the aforementioned testing laboratory.

All Samples will be documented, stored, and shipped in a secure manner consistent with guidelines and instructions as provided by the testing laboratory. Following ABBI’s receipt of test results from the testing laboratory, all positive tests will be reported to the Testing Committee. All B containers whose corresponding A

container tested positive will be preserved for any possible appeals as detailed further in the “Bull and Polygraph Testing and Banned Substance Policy: Discipline” section below. All B containers whose corresponding A containers have tested negative will be disposed in accordance with all applicable local, state, and Federal law.

POLYGRAPH TESTING PROCEDURE:

All stock contractors, stock contractors’ crew, handlers and riders may be required, at the sole discretion of the ABBI, to submit to a polygraph examination prior participation in any ABBI event and/or prior to the distribution of any ABBI event prize money. ABBI may, at their discretion, also request additional polygraph examinations following any initial polygraph examination, including, but not limited to, an inconclusive result from the initial polygraph examination. Polygraph examinations will be administered and reported by an Accredited Member of the American Polygraph Association (“APA”) in good standing, as defined by the APA, <https://www.polygraph.org/>, selected at the sole discretion of ABBI (“Examiner”).

The polygraph examination will be conducted by the Examiner in a validated format with the application of a three (3) position hand scoring system to render the professional opinion of the Examiner (“Report”). The Objective Scoring System (“OSS”) and the Empirical Scoring System (“ESS”) as each defined by the APA, <https://www.polygraph.org/>, shall be prohibited. The Report will provide equal weighting of the three (3) part testing matrix, with no additional weighting used for any individual portion of the three (3) part testing matrix. For additional information regarding polygraph testing, owners, stock contractors, stock contractors’ crew, and handlers may refer to the APA website, <https://www.polygraph.org/>.

ABBI will notify the stock contractor, stock contractor’s crew member, handler, and/or rider the time and location of the polygraph examination. If the stock contractor, stock contractor’s crew member, handler, and/or rider is unable to take the polygraph examination at the scheduled time, ABBI reserves the right, at ABBI’s sole discretion, to prevent participation in any ABBI event, and to reschedule the examination at the stock contractor’s, handler’s or rider’s expense.

DISCIPLINE FOR POSITIVE RESULTS FROM TESTING FOR BANNED SUBSTANCES:

A stock contractor whose bull is found to have tested positive for a Banned Substance as a result of the Sample testing and/or polygraph examination pursuant to this Section 9, BULL AND POLYGRAPH TESTING AND BANNED SUBSTANCE POLICY ("Policy"), shall be subject to a minimum fine in the amount of five thousand dollars (\$5,000.00). Fines imposed in connection with such violations of this Policy shall have no maximum limit and, as such, shall be determined and imposed in any amount the Testing Committee deems appropriate in its sole and absolute discretion. Further, such stock contractor shall be subject to multiple and random testing of any bull(s) that have tested positive for a Banned Substance and/or any other bulls owned or registered in his/her name, at the stock contractor's sole expense and as required by the Testing Committee in their sole discretion.

ABBI reserves the right to require the Policy testing to be conducted at a university laboratory or its functional equivalent, the costs of which, including, but not limited to, bull transportation, shall be borne solely by the stock contractor. Additionally, the stock contractor shall remain subject to any further action as determined by the Testing Committee, which may or may not include, but shall not be limited to, ABBI membership revocations.

PRIZE MONEY:

Any stock contractor whose bull has tested positive for, been found to have been subjected to, or treated with, a Banned Substance(s) shall automatically forfeit any and all prize money won by such bull competing in an event for which such Sample was collected.

BONUS ELIGIBILITY:

Any stock contractor whose bull(s) has tested positive for, been found to have been subjected to, or treated with, a Banned Substance(s) shall be ineligible to receive any year-end bonuses for the stock contractor or the stock contractor's bull(s) for any season during which a Banned Substance was found in any of the stock contractor's bulls.

REFUSAL TO SUBMIT TO TESTING:

Any stock contractor who refuses to allow testing Samples to be collected from his/her bull(s) shall forfeit any and all prize money won by the stock contractor at the event where collection was requested/attempted (if applicable) and denied by such stock contractor. Any stock contractor's crew member, handler, and/or rider who refuses to submit to a polygraph test at the time requested by the ABBI shall forfeit any and all prize money won by the stock contractor at the event where the polygraph test was requested. At the sole discretion of the ABBI, such stock contractor, stock contractor's crew member, handler, and/or rider will be disallowed from entering or competing in any ABBI produced or sanctioned event until such time as Sample collection from the bull(s) in question is allowed or the polygraph testing is completed.

SUSPENSION FROM COMPETITION:

The Testing Committee expressly reserves the right to disallow any bull which has tested positive for, been found to have been subjected to, or treated with, a Banned Substance(s), through Sample testing or polygraph examination, from competing and/or otherwise participating in any ABBI produced or sanctioned event for the remainder of such season during which test results in violation of this Policy were collected, or beyond such season, until subsequent testing has conclusively and satisfactorily demonstrated to the Testing Committee that the bull is no longer in violation of the Policy. ABBI reserves the right to require any such subsequent testing requested by the stock contractor to be conducted at a university laboratory or its functional equivalent, the costs of which, including, but not limited to, bull transportation, shall be borne solely by the stock contractor.

Any disciplinary sanctions imposed hereunder shall be at the sole discretion of the Testing Committee. The Testing Committee reserves the right to suspend, delay, and/or make contingent upon further testing, the imposition of any such sanctions. The Testing Committee also reserves the right to make public or hold confidential any testing results, in whole or in part, which it may obtain in connection with this Policy. Further, the Testing Committee reserves the right to report the results of any testing

conducted hereunder pursuant to this Policy to the applicable local, state and Federal authorities, including, but not limited to, the United States Department of Agriculture, the Federal Drug Administration, and/or the Drug Enforcement Agency.

BULL TESTING APPEALS:

A stock contractor found to be in violation of the Policy herein shall have the right to appeal the laboratory's findings as follows:

1. Upon the written request of the stock contractor, received by the ABBI within fifteen (15) days of the stock contractor's receipt of notice of a positive test result pursuant to this Policy, and at the stock contractor's sole expense, ABBI shall arrange to have the B container of the Sample tested at, and by, the same testing laboratory which conducted the test of the Sample contained in the A container.
2. The test results of the Sample contained in the B container shall be deemed to be conclusive, and not subject to further appeal or re-test by the stock contractor or ABBI.
3. Sample test results may only be appealed in the manner outlined herein, and all appeals shall be strictly subject to those procedures detailed herein.
4. Only Sample test results may be appealed. No disciplinary action imposed hereunder and/or otherwise by ABBI shall be subject to appeal of any kind.

POLYGRAPH TESTING APPEALS:

If a stock contractor, stock contractor's crew member, handler, and/or rider wishes to dispute an unfavorable or inconclusive polygraph test result, the stock contractor, stock contractor's crew member, handler, and/or rider may, at the stock contractor, stock contractor's crew member, handler, and/or rider's sole expense, submit to an additional polygraph examination conducted within thirty (30) days and administered and reported by an Examiner selected at the sole discretion of ABBI.

The ABBI, at its sole discretion, will decide, based on the polygraph examination(s), whether the stock contractor, stock contractor's crew member, handler, and/or rider is eligible for the prize money. The decision of the ABBI is final.

STOCK CONTRACTOR RESPONSIBILITY RULE:

Stock contractors shall be bound by the “Stock Contractor Responsibility Rule” as defined herein. The Stock Contractor Responsibility Rule is defined as follows: Any and all substances found to be present in the stock contractor’s bull(s) is the sole and exclusive responsibility of such stock contractor (“Stock Contractor Responsibility Rule”). As such, the Stock Contractor Responsibility Rule will negate any possible attempted defense or appeal by the stock contractor to a positive Sample test result claim that another person introduced a Banned Substance into the subject bull’s body without the knowledge and/or consent of the stock contractor.

In the event that a bull is being treated by a licensed veterinarian for a legitimate medical purpose and said treatment involves a legally prescribed Banned Substance, a letter verifying same from such licensed veterinarian must be provided, and such bull will not be eligible to compete in, or at, any ABBI produced or sanctioned event until such time as such Banned Substance is no longer present in the bull. ABBI reserves the right to require any such subsequent testing requested by the stock contractor to be conducted at a university laboratory or its functional equivalent, the costs of which, including, but not limited to, bull transportation, shall be borne solely by the stock contractor.

DISPUTE RESOLUTION:

In the event of a dispute, disagreement, or question(s) regarding interpretation of the Event Rules and Regulations included herein, such dispute, disagreement, or question(s) regarding interpretation shall be submitted for resolution to the JAMS group for mediation/arbitration, or any other arbitrator selected at the sole discretion of ABBI, except that ABBI may, at its option, also seek injunctive relief in any court of competent jurisdiction with respect to any alleged violation of the Event Rules and Regulations identified in these Event Rules and Regulations. ABBI may initiate an arbitration proceeding at any time by giving notice to the participant in accordance with the rules of JAMS. The arbitrator(s) shall not be bound by the rules of evidence and procedure of the courts of the State of Colorado but shall be bound by the substantive law applicable to this agreement. The decision of the arbitrator(s), absent fraud, duress, incompetence or gross and obvious error of fact, shall be final

and binding upon the Parties and shall be enforceable in courts of proper jurisdiction. Following written notice of a request for arbitration, ABBI and the participant shall be entitled to an injunction restraining all further proceedings in any pending or subsequently filed litigation concerning this agreement, except as otherwise provided herein. THE PARTIES HEREBY WAIVE THEIR RIGHTS TO TRIAL BY JURY WITH RESPECT TO ANY COURT ACTION RELATING TO THIS AGREEMENT.

INDEMNIFICATION:

All members, participants and stock contractors shall indemnify, defend and hold harmless American Bucking Bull Incorporated, and its respective members, consultants, employees, owners, agents and affiliates, from and against any and all loss, damage, liability, claims, demands, actions, suits, judgments, and all costs of whatever nature, including reasonable attorneys' fees, and all other amounts related to, arising out of, or are in any way connected to participant's, member's, and/or stock contractor's membership with, or participation in, American Bucking Bull Incorporated or its associated events.

PAYOUT:

After all deductions positions will be paid on the basis of one (1) position for every four (4) bulls up to 20 positions unless otherwise stated. Payouts are made after all results have been audited at the ABBI office.

DUMMIES:

All bulls competing in an ABBI produced or sanctioned event will be bucked using an ABBI approved dummy. Dummy will be applied by designated contract labor.

COMPETITION FORMAT:

At all ABBI produced or sanctioned dummy events, bulls will be bucked for four (4) seconds unless otherwise noted through the individual and/or co sanctioned event parameters.

SANCTIONED AND/OR CO-SANCTIONED EVENT PARTICIPATION:

ABBI Members that choose to participate in the additional opportunities that are offered at sanctioned/co-sanctioned events are responsible for familiarizing themselves with each individual organization event rules prior to participation. Although we co-sanction events for our members that pay the additional ABBI fee (ABBI fee is nonrefundable), so that scores and money members win may carry over to ABBI standings, each member is solely responsible for understanding and competing under the other organizations rules and guidelines. By entering their events, paying their fees and competing, you are agreeing to these terms.

JUDGING GUIDELINES:

(ALL JUDGES MUST CARRY AND USE A STOPWATCH DURING THE FUTURITY EVENTS)

Event will use five (5) judges, unless otherwise approved by ABBI Administration. ABBI has the right to refuse any judge hired for an ABBI event or sanctioned event. Unless there is a variance of 1 point or more when looking at the high score and low score from the consensus then that score will not count and the average system will be based off of the remaining 4 scores.

EXAMPLE:

~~20~~, 21.25, 21.5, 21.5, 21.75

In this case, the 20 would be dropped. The four remaining scores are totaled to get the total score of 86.

In the event that a judge is unable to score a bull (passes out, hit by a dummy, etc.) that particular out from that judge will be a zero and the other scores totaled for that marking. Each instance will be dealt with accordingly.

YEARLING AND FUTURITY RULE CHANGE

If a bull STOPS or FALLS completely down, stopping his bucking action before the :04 whistle that bull will be marked as a DQ – Fell or DQ – Stopped and will NOT receive a score. In the case of a close time on the stop or fall, if any of the 5 judges has the bull at :04 or greater that bull will be marked and receive a score. Fall is defined as flat on their side and/or belly. Stop is defined when the bull's bucking motion has come to a

complete stop, flat footed before the :04 but not limited to also include the bucking chutes, arena panels, going all the way down to their brisket, belly or butt. There must be a minimum of 3 of the 5 judges in consensus with the call being made if it's a stop or fall.

ALL JUDGES MUST CARRY AND USE THEIR STOPWATCH ON EVERY OUT. AT EACH ABBI EVENT, A LEAD JUDGE WILL BE ASSIGNED AND ALL CALLS WILL BE MADE OFFICIAL FROM THAT ASSIGNED LEAD JUDGE.

The arena ground preparation must be approved by an Event judge or an ABBI representative. The arena ground must be flat and not too deep. Sandy ground must be watered and packed.

CHUTES:

The chutes must have support for feet and signs must not impair the contestant's ability to place feet in chute slats. A platform in back must extend the full length of the chutes.

An Event Judge or an ABBI representative can stop an event until an unsafe condition is corrected.

ELECTRICAL DEVICES & FOREIGN OBJECTS:

Any and all electrical devices used to stimulate the animal will not be allowed for use inside the bucking chute. Foreign objects in flank will not be allowed. Any owner not adhering to this rule is subject to disqualification of the animal involved in the particular incident, and/or total disqualification from the competition in its entirety and forfeiture of entry fees. In addition, failure to adhere to this rule could result in suspension and / or fine as outlined in Misconduct and Cheating.

All competing animals must have their horns tipped prior to arriving at check in for the event (loose, turned down horns are excluded from this rule). All **Yearling AND Futurity** bulls must have their horns tipped to the **preferred** size of a **25-cent piece**. All **Derby and Classic** bulls must have their horns tipped to the size of a **50-cent piece**. At the **discretion** of an ABBI representative, if an un-tipped or inadequately tipped animal arrives at any ABBI produced or sanctioned event, the animal will be sent off site to be tipped. Failure to comply will result in a DQ and forfeiture of entry fees. (Inadequately tipped examples are sharp edges, uneven edges creating sharp points, splinters).

The only approved bull head ware will be nylon horn rings or nylon halters.

DRAW/CHUTE POSITION:

Bucking order will be determined by random draw. You may not change the delivery of the animal, once the bull has been checked in without being assessed a \$250.00 penalty. If delivery is changed prior to check in, but after the draw, positioning may be changed at the discretion of production.

TIE BREAKERS:

There will be no tie breakers employed at ABBI produced or sanctioned events unless specified in the ground rules, prior to the event entries opening.

WITHDRAWAL/REPLACEMENT:

Prior to entries closing a bull may be withdrawn without penalty or forfeit of entry fees. After entry closing, owners may withdraw animals from competition for any reason. However, doing so will forfeit all entry fees, unless a Vet release is obtained. In the event a Vet release is provided to the ABBI Office, entry fees will be refunded, and the bull will be ineligible for entry for 15 days from the Vet release date.

The 15 day Vet release rule applies to the Classic entries only; all other classes can withdraw after entries close but will pay a \$150 turn out penalty only unless otherwise approved by ABBI Administration.

If a bull is injured (with a valid vet release) and owner has a replacement, the replacement has to be done by Tuesday at 5pm the week of the event as it pertains to Futurity events. Any time after that it must be approved by ABBI Administration. Derby/Classic/Maturity replacements must be done before the draw has been posted

and by Tuesday at 5pm the week of the event. In the event of a BFTS, bull replacements must be approved by PBR's Livestock Director.

If you are traveling from a distance and plan to arrive prior to check in, you must contact the on-site ABBI representative or the ABBI office at least 24 hours prior to arrival to ensure pen space is secure and available. American Heritage Junior Futurity will be held in conjunction with the American Heritage Futurity. All Junior owned animals will be in the American Heritage draw. If an animal is registered in the competing Junior Breeder's name, the Junior Breeder's family name or the Junior Breeder's family ranch name, **AND** the animal is appropriately entered in the American Heritage, the Junior Breeder can compete with the animal in the American Heritage with no loss of privileges when competing in other Junior events.

ENTRY LIMITS:

At all ABBI produced or sanctioned Junior futurities, the number of entries accepted will be event specific, and will be posted prior to the entry open date. Entries may be limited to one (1) bull per Junior breeder unless the Junior futurity does not fill available positions.

If a bull is eligible for any of the Heritage events, the participant may enter the bull in the Heritage Futurity **AND** the Cowgirl's Futurity. Only Cowgirl's Futurity event scores will be counted toward the average for the Cowgirl's Futurity Champion.

ENTRY LIMITS

At all ABBI produced or sanctioned Cowgirl's Futurity events, the number of entries accepted will be event specific. Due to the low number of entries at Cowgirl's Futurity events, there will not be a minimum entry requirement for an event. However, the event producer has the option to require a minimum number of entries for the Cowgirls Futurity event and will make that requirement known prior to the entry open date.

PAYOUT

For a standard Cowgirls event, after all deductions, positions will be paid on the basis of one (1) position for every three (3) bulls.

COWGIRL'S FUTURITY FINALS QUALIFICATION

To qualify for the Cowgirl's Futurity Finals, a bull must enter (and pay the additional ABBI fee) at least four (4) ABBI produced or sanctioned Cowgirl's Futurity events during the regular season. Cowgirl Futurity bulls are allowed to compete in both the Cowgirl and Futurity classes. If a Cowgirls futurity bull qualifies for the Futurity Finals as well as the Cowgirls Futurity, you must choose, you will not be allowed to compete in both.
